### FABE BIMA VILLAGE - DECLARATION:

— NUNBEMBA (SUB-DIVISION) —

- 26/07/2012 -

- \* We the population of Fabe Bima Village have Refused to Accept SGI, SOC. / Heracles farms. project in our community. We have no enough forestland to give out of any oil palm plantation,
- \* At the beginning we did not understand the intention's and tricks of SGI, SOC's project. For the few years, they have been opening and working in their palm Nursery, they have shown to us a lot of deceit and dishonesty.
- \* This Village therefore has no forestland up to 40,000ha to give to the project, despite the promises they have made to us. We have a lot of palms every where and do not need palm plantation's Again.
- \* Omeu Stephen - Village Elderlyman.
- \* Osake Dickson - Youth president.
