

THE THRONE of Ikenge Village
CHIEFDOM KORUP NDIAN SOUTH WEST
REGION 13 MAY 2012

I Chief Mbongi Joseph Nalunya and the people of Ikenge Village write tender this declaration against S.G. SOG oil palm project wanting to size forest land within the protected area of Kamp National Park and the Rumpi hills forest Reserve, to our feeding obesere as and obseration are as follows. That the area they are intending to take for the planting of oil palms in a bufferzone which was reserved to the inhabitants neighbouring park. This is the area we keep for our farming land for our children, children coming. The idea of another plant plantation is not needed again in our land. We are tired of plant oil plantain in our land. We have seen the movement of S.G. SOG is not good for our people because they tell a lot of ~~lies~~ lies. They should live our land and go.

DONE AT Ikenge Village today 13/may 2012
