

* Opinion from The Traditional Priests and Custodians of Batanga;
Cultural Archives - Lipunja II, Bera Batanga
Munduuba Council Area. (08/04/2012)

> OBJECT:- * DECLARATION COMMITMENT.

* Declares that we do not and will not welcome SGI SOC. oil palm plantation project, because the limited forestland left for us, is for our farming activities and future wellbeing of our children.

* That, we do not feel comfortable to welcome SGI SOC. in this Area because this project will in time to come, cause an increase of crime wave in the Area.

* And our villages co-existence will be totally lost/destroyed. Worst still this oil palm plantation will DEFOREST our remaining FOREST and this will bring to us a lot of environmental problems.

* SGI SOC oil palm project should peacefully look for another Area for its plantation.

* Signatories of the Tr. Priests:
